www.susanvogt.net Sept. 11: It's been 19 years since the 9/11 terrorist attack on the USA and over 7 months since Covid-19 has shut down much of planet earth. Bad things happen, but we shouldn't need a terrorist attack or pandemic to prompt us to voice our love to others and make amends to those we have hurt. Are there people in your life who need to hear words of love or apology from you? Do it today.

"Hate not your neighbor." (Sirach 28:7) This is yet another variation on "Love your neighbor." Everybody probably has somebody that they really dislike, if not hate. Is carrying this hate making you happier? Ask your beloved for help to identify one positive trait of a difficult person.

A message from Pope Francis (excerpts from his Dec. 13, 2019 general audience.) "Sunday Mass is not simply an obligation, he said. "We Christians need to take part in Sunday Mass because only with the grace of Jesus, with his presence alive in us and among us, can we put into practice his commandment and, in this way, be his credible witnesses." "Without Christ, we are condemned to be dominated by the fatigue of daily life with all its worries and the fear of tomorrow. The Sunday encounter with the

Lord gives us the strength to live today with confidence and courage and to move to live today with confidence and courage and to move forward with hope," he said. Visit the following link to read the entire article (Vatican City CNS)

Parishioners, overwhelmed by the constant drumbeat of 'bad news' have spoken of the importance in their lives of hearing stories of others making a positive difference in the world. Most of the examples given are huge gestures made possible either by a corporate sponsor or the collective efforts of many people of good will. In the spirit of St. Theresse the patroness of our Diocese – **how can you add your little way of uplifting another to the Good News circulating in Pueblo?**
